15:00 - 15:30 Coffee Break

15:30 - 16:20 Panel Discussion:

Global Shipping and Human Resources in Changing World Using Modern Technology

*Aleksandr
Pipchenko*

Moderator,
Project Manager,
Learnmarine

*Yusuke
Mori*

Deputy Executive
Director,
IAMU

*Valeriy
Pushchin*

Managing Director,
Nordic Hamburg
Shipmanagement

*Dmitry
Gladkov*

General Manager,
OneLearn Global

*Faouzi
Fradi*

Group Director
Crewing & Training,
Columbia
Shipmanagement

*Jad
Ghamraoui*

Operations & Crewing
Manager, Naftomar
Shipping & Trading Co

Key points for the Panel Discussion:

1. Emerging technologies in shipping and their effect on human resources demand (e-farer concept).
2. Cloud-based digitalized onboard documentation / administrating tools.
3. Increased automation – change of human factor (less stress – less critical thinking? shall we move forward minimalism in ship control stations design?).
4. Seafarers welfare and support in reduced crews.
5. In a rapidly changing industry is "just experience" equal to competence?

16:20 - 16:30 Day closing remarks

16:30 - 17:00 Bus transfer from the seaport to the hotels

18:15 - 19:00 Bus transfer from the hotels to restaurant

Binay Kumar Singh,
President,
Federation of Global Maritime
Community

11:50 - 12:00 Q&A Session

12:00 - 12:30 Coffee break

12:30 - 13:20 Pannel Discussion

Ensuring Efficiency of Education, Training and Crewing during COVID-19

*Henrik
Jensen*

Moderator, Managing
Director & Founder,
Danica Crewing Specialists

*Cleopatra
Doumbia-Henry*

President,
World Maritime
University

*Sergiy
Khlopkov*

Deputy Managing Director
Marlow Navigation
Ukraine

Evgeniy Sukachev

Panama Maritime
Authority, Odessa
Ukraine

Vadym Zakharchenko

Vice Rector, National
University "Odessa
Maritime Academy"

Ivaylo Bakalov

Associate Prof.,
Nikola Vaptsarov
Naval Academy

Panel discussion key points:

1. Cloud-based solutions and emerging learning technologies as tools to minimize logistic efforts and COVID-related risks.
2. Implementation of automated digital services in education, training, and crewing.
3. Pros and cons of automation and remote learning in education, training, and crewing.
4. Use of simulators as a pre-hire competence assessment instrument.
5. HR sustainability in pandemic and post-pandemic environment.

13:20 - 13:30 Conference closing remarks
